

COVID-19 HYGIENE AND SAFETY MEASURES

Reopening in the safest way possible for you, we have introduced a range of new Health and Safety measures that seek to reduce the risk associated with the presence of COVID-19 that are in line with government advice and the requirements of local health authorities.

BEFORE YOU ARRIVE

Please **make your booking online**.

Please be ready to make contactless payments rather than cash where possible.

Please bring a suitable face mask/covering.

Before leaving home, please check our social media page for the latest information.

We politely request you do not visit us if you are showing any of the symptoms associated with Covid-19.

Please contact us on adventure@junglemonkeyz.co.uk should you need to amend your booking.

ON ARRIVAL

We have reduced the daily ticketed capacity of our attraction to allow for social distancing.

If arriving by car, please check for instructions regarding parking arrangements.

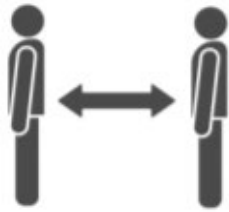

As well as our staff undergoing daily, non-contact temperature checks, we may also require our guests to participate in such checks as a condition of entry. Anyone who displays a high temperature associated with a fever , along with their household, will not be permitted entry into the attraction.

Please pay attention to the new information signage.

SOCIAL DISTANCING

Clear markers or signage have been installed in our attraction entry and restroom to help guests keep a safe distance from one another. Our employees will monitor to ensure that social distancing is being maintained.

We have introduced a new capacity limit for our attraction to one booking / slot. This restriction will help ensure there is plenty of room for social distancing.

We have revised some of our standard operating protocols in order to reduce the proximity of our employees to guests.

HYGIENE AND DISINFECTION

Enhanced Cleaning measures will be placed throughout the day, which seek to disinfect high-frequency touch points.

Hand sanitiser dispensers will be available across the attraction for guests to use.

To protect both you and our staff, face masks, disposable gloves and eye protection will be worn by them for a range of close-contact activities.

We have introduced new deep cleaning measures.

HYGIENE AND DISINFECTION

-CONTINUED

As with our employees, we politely request that all our guests uphold the highest possible hygiene standards - whether it be when sneezing or coughing, through regular hand washing or application of hand sanitiser.

Our employees now participate in specific COVID-19 training instructing them how to stay safe as well as how to keep our guests safe.

COVID-19 HYGIENE AND SAFETY MEASURES

We hope these new health and safety measures provide our guests with confidence and enthusiasm to visit Jungle Monkeyz.

These measures must be adhered to at all times and whilst every effort has been taken to protect the safety and wellbeing of our guests, everyone should inform themselves of the risks, conditions and personal responsibilities before they visit.

Thank you and look forward to welcoming you soon.
